

PREPARE FOR IMPACT!

When People and Environment Collide in the Tropics

Natasha Stacey

Senior Research Fellow

School for Environmental Research, Charles Darwin University

Guy Boggs

Senior Lecturer- Spatial Information Systems

School of Environmental and Life Sciences, Charles Darwin University

Bruce Campbell

Adjunct Professor

School for Environmental Research, Charles Darwin University

Will Steffen

Executive Director

Climate Change Institute, Australian National University

Proceedings from the Charles Darwin Symposium,
11 -12 May 2006

Contents

INTRODUCTION

Boggs *et al.*: Prepare for Impact! When People and Environment Collide in the Tropics

SETTING THE SCENE

1. Gerritsen: A Resilient Future for Northern Australia? People, Economics and Policy Issues
2. Resosudarmo: Setting the Scene: Driving Forces of Change in Southeast Asia

DRIVERS OF CHANGE

1. Steffen: Climate Change in the Tropics
2. Srivastava: Securing India's Energy Future. What Does the World Have to Worry About?
3. Tay: Trade and Environment in Southeast Asia
4. Williams: Food Production Systems and Policy Development in Southeast Asia

VALUES AND LIVELIHOODS

1. Armstrong *et al.*: Indigenous Land and Sea Management and Sustainable Business Development in Northern Australia
2. Garnett: Enterprise Development by Indigenous Communities Using Natural Resources: Where Do the Benefits Go?
3. Campbell *et al.*: Do Local People and the Environment Collide? Who Drives Environmental Change?

WHAT ARE THE CHANGES AND THEIR IMPACTS?

1. Cunningham: Culture, Livelihoods and Conservation
2. Sodhi and Brook: Biodiversity Crisis in Southeast Asia
3. Wright *et al.*: The Future of Southeast Asian Forests and their Species
4. Bunn: Northern Australia – All That Water ... Going To Waste?
5. Bowman: Time's Up for Australia's Last Frontier
