This revised edition of the *Northern Territory Dictionary of Biography* brings together the entries from the original three volumes, published in 1990, 1992 and 1996. The *Dictionary* spans the period from the early British and French explorers of the Northern Territory coast to the mid 1990s and aims to provide a broad reflection of life in the Territory rather than focusing on eminent public figures. In some cases this has meant that some subjects are included about whom relatively little is known. Authors come from the widest possible cross-section of the community and there is a considerable range of writing styles. The principal interest of the volume is the Northern Territory. In all cases, the Territory experience of subjects, however eminent they might have been elsewhere, is thus the focal point of entries.

This volume is available on CD and in a limited paperback edition.
